Welcome to dmols.ca as our online resource for you. Please visit our Introductory and Main menus for helpful information concerning your land related dealings.

The office of David U. Maughan is commisioned to practice *cadastral and professional land surveying* . Through our expertise with the legal and technical aspects of surveying boundaries, we also offer planning agency, topographic surveys, geodetic surveys, and construction layouts. Whether you are purchasing or developing a property, a licensed Ontario Land Surveyor is the professional you need, both in the office and on site.

Our equipment is the best and latest technology, so that we can provide timely and efficient service for your land related needs.

Your time is important, so please call to discuss your real estate acquistion or development plans.
